WHAT'S NEW

State-of-the-Art Starting Blocks Have Arrived.

Sapphire Aquatic Centre has recently upgraded its competition equipment with the installation of new Track Start diving blocks, featuring adjustable kick wedges and removable backstroke ledges.

The new blocks provide our students with access to the same modern starting equipment used at many larger aquatic facilities and competition venues across the region and beyond.

By training and competing on contemporary equipment, local swimmers can further develop their starting techniques and gain valuable experience that supports their progression through higher levels of competition.

August Dignity Drive is on now!

Share the Dignity is a women's charity in Australia, that works to make a real difference in the lives of those experiencing homelessness, fleeing domestic violence, or doing it tough.

Their organisation seeks to raise awareness and distribute period products to women, girls, and anyone who menstruates that needs support.

If you can, please help us get behind and support **Share the Dignity's** goal to achieve menstrual equity.

Along with **Share the Dignity** we want to do our part in raising awareness and collecting donations. Next time your shopping consider picking up a few extra items to place in our pink collection box.

Important Health Reminder

As we continue to provide a safe and enjoyable learning environment for all our swimmers, we would like to remind everyone of our health and safety policies, particularly concerning attendance during illness.

To ensure the well-being of all students, instructors and staff, it is crucial that anyone with an infectious illness/cold or flu refrains from attending swimming lessons.

Medical Certificates are accepted for missed lessons and a credit will be applied to your account. We do not have capacity to do make up sessions.
